Synopsis: **Cyber Security Awareness**

This presentation will step you through how companies are falling victim to ransomware, whaling (otherwise known as Business Email Compromise) and phishing attacks. We will talk you through a number of local examples, the methods ZX Security ([part of the Bastion Security Group](#)) uses to trick people into clicking on malicious links and advice for keeping your business and yourself safe.

Speaker: **Simon Howard**, founding member and CTO of Bastion Security

Simon Howard is a founding member and CTO of Bastion Security, a cyber security consultancy. He has over 20 years of experience in the IT industry, starting life as a C programmer and then moving into security engineering, architecture, management and strategy. Simon also co-founded and assists with the running of Australasia's largest hacker conference, KawaiiCon (previously known as Kiwicon).
